

MOHAMMAD MANSOUR, M.D.

Internal Medicine Resident Physician – PGY-2

Zucker School of Medicine at Hofstra/ Northwell Internal Medicine Residency Program at Vassar Brothers Medical Center

Poughkeepsie, NY 12601

Phone: (646) 271-4559 | **Email:** mohammad.mansour@nuvancehealth.org

SUMMARY

Internal Medicine resident with a growing focus on **Pulmonary and Critical Care Medicine**, dedicated to **improving patient safety** and clinical systems through evidence-based research, **quality improvement**, and **simulation-based training**. I aim to build a career that integrates critical care practice with impactful, scalable innovations in airway safety, diagnostic stewardship, and multidisciplinary training.

EDUCATION

Doctor of Medicine (M.D.)

Aug 2016 - Sep 2022

University of Debrecen Faculty of Medicine, Debrecen, Hungary

- MGPA 4.71 (maximum GPA: 5.0).
- Thesis on "Reperfusion Therapies in Acute Ischemic Stroke Beyond the Conventional Time Window".

High School Diploma (H.S.D.)

Sep 2014 - Jun 2016

Rawafed Private School, Abu Dhabi, UAE

- Science Track, 99.1% average

POSTGRADUATE TRAINING & WORK EXPERIENCE

Internal Medicine Resident Physician - PGY2

Jun 2024 - Present

Zucker School of Medicine at Hofstra/ Northwell Internal Medicine Residency Program

Vassar Brothers Medical Center, Poughkeepsie, NY

- Lead Resident of ICU Blood Culture Stewardship Quality Improvement Project
- Lead Resident of Hospital-wide Intubation Checklist Safety Initiative
- Co-Developer of PCCM Simulation Curriculum (4+ high-acuity RRT/Code Blue scenarios)
- Mentor for simulation-based airway training for PCCM fellows
- Presenter at Code Blue Committee, Morbidity and Mortality Lectures, and ICU QI meetings

Visiting Internal Medicine Resident Physician

Oct 2025 – Nov 2025

Pulmonary Medicine, SUNY Downstate Health Science University

Medical Intern

Nov 2022 – Nov 2023

Jordan University Hospital, Amman, Jordan

Visiting Medical Student – Internal Medicine Rotations

June 2022 – Aug 2022

Brooklyn, NY & Staten Island, NY

Medical Intern (Sixth-Year Medical Student)

Sep 2021 – May 2022

University of Debrecen Clinical Center, Hungary

RESEARCH EXPERIENCE

Obesity and Mechanical Ventilation Outcomes Using the NIS Database

Jan 2025 - Present

Lead author and investigator - National Inpatient Sample (NIS)

- Designing retrospective study examining BMI and intubation/mechanical ventilation outcomes
- Oversaw ICD-10 mapping, variable construction, outcome modeling
- Coordinated with research statisticians and faculty mentors
- Focused on clinically meaningful definitions of intubation vs mechanical ventilation in administrative databases

MOHAMMAD MANSOUR, M.D.

RESEARCH EXPERIENCE (CONTINUED)

Post-Pulmonary Embolism (PE) Imaging Surveillance Study – PERT Registry Apr 2025 – Present

- Evaluating follow-up and imaging patterns after CDT or systemic thrombolysis
- Leading data collection and contributing to study design aimed at improving PE care

ICU Blood Culture Stewardship Quality Improvement Study Feb 2025 – Present

Lead Investigator – Vassar Brothers Medical Center Intensive Care Unit (ICU)

- Employed algorithm to reduce inappropriate blood cultures in critically ill patients
- Integrated balancing measures (e.g., CLABSI rates and SEP-1 CMS compliance rate)
- Designed Google-Form algorithm with QR-coded decision tools for bedside use
- Coordinated educational rollout to ICU fellows, APPs, and nursing teams

Intubation Checklist & Airway Safety Research/QI Project Aug 2024 – Present

Lead Developer – Vassar Brothers Medical Center Intensive Care Unit (ICU)

- Created structured airway checklist for intubation procedures including in the event of a cardiac arrest
- Led pre-implementation review with Code Blue Committee
- Created outcome metrics for to assess utility in the critical care setting

PCCM Simulation Curriculum Development Jun 2025 – Present

- Co-developed 4 high-acuity simulation scenarios (PE, Tension PTX, Tamponade, and Severe Hyperkalemia and Metabolic Acidosis)
- Created facilitator guides, process maps, ABG tables, DOPE checklists, and post-session surveys
- Led expansion of the curriculum for 2026 following positive feedback from PCCM fellows

Additional Research Work

- Autism risk factor questionnaire project (NY Metropolitan Area) Jan – Apr 2024
- Peer reviewer for 11 published manuscripts Oct 2023 – Jan 2024
- Several literature reviews across cardiology, neurology, psychiatry & infectious diseases 2023–2024

MOHAMMAD MANSOUR, M.D.

PRESENTATIONS

Morbidity and Mortality (M&M) Conference; Cardiogenic Shock Management	Oct 23, 2025
Recognizing and Managing Sepsis; are we doing enough?	Aug 28, 2025
Structured Intubation: Implementing an Intubation Checklist and the Power of the Time-Out Process	July 7, 2025
Weathering the Storm: Thyroid Storm-Related Cardiomyopathy and Multi-Organ Failure Managed Successfully with Therapeutic Plasma Exchange, a Case Report; 40th Annual Belsky Research Day VBMC Presentation	May 20, 2025
Morbidity and Mortality (M&M) Conference; Sepsis Management and Resuscitation Status Discussions	Apr 17, 2025
Graduate Medical Education Lecture; Disability in Medicine and Beyond	Mar 5, 2025
Morbidity and Mortality (M&M) Conference; Anticoagulation Reversal	Feb 20, 2025
Journal Club; Twice-yearly Lenacapavir or daily F/TAF for HIV prevention in Cisgender women	Feb 7, 2025

AWARDS & HONORS

PGY1 Best Role Model of The Program's Mission "Excellence in Education and Phenomenal Patient Care" Award; Vassar Brothers Medical Center IM Program	2025
Summa Scholar Award; Cureus Journal	2023
Summa Cum Laude (Highest Distinction) Award; University of Debrecen	2022
President of the International Student Union Volunteer Award; University of Debrecen	2022
Stipendium Hungaricum Scholarship (Full Tuition Merit-Based Scholarship); Tempus Public Foundation	2016

VOLUNTEER WORK

Virtual Crisis Responder & Mentor; THRIVE Lifeline	2022 – 2024
Community Volunteer; New York Cares	2022
Administrative Volunteer; International Student Union, University of Debrecen	2019 – 2021

TECHNICAL SKILLS

Data Cleaning & ICD-10 Mapping for NIS/NRD
 Simulation design + debriefing frameworks
 QI methodologies (PDSA cycles, root-cause analysis, process mapping)
 EMR: Cerner, HealthBridge, Epic

LANGUAGES

English (Fluent)
 Arabic (Native)
